

Fold & Roll™ Sign System

The Fold & Roll™ sign and stand combination brings ultra compact system storage and lightning fast deployment to emergency traffic control. Designed so that a full 48" sign and stand combo fits easily into the trunk of a squad car or a small storage compartment on a truck, the Fold & Roll™ sets up far faster than any other sign system in the industry allowing responders to concentrate fully on the task at hand.

Sign faces are made of fluorescent pink reflective material recommended by the FHWA and the National Fire Protection Association (NFPA 1500) for use at emergency scenes.

*From stored..
to deployed in 20 seconds!*
