\*Ground to bottom of 48" sign

TwinFlex™ compact stands feature steel and aluminum construction for long-lasting, dependable service. Dual heavy duty steel coil springs provide stability in gusty wind conditions.

The TF12 series compact stands are available in several models designed to display roll-up signs at a mounting height of 12". All stands feature foot-actuated leg releases with adjustable locking positions for stability on uneven terrain.

- MUTCD and NCHRP-350 compliant.
- TwinFlex™ compact stands offer three methods of roll-up sign attachment: Screwlock, Post and Tube, or Channel style. See pg.4 for details.
- Aluminum leg models feature .100" wall aircraft quality tubing, economical 16 ga. steel leg models have an orange powder coat finish.
- Steel leg length is 22" that telescopes to 38". Aluminum leg version is 30" and telescopes to 51".
