Roll-Up Signs - Features

Materials and Specifications
Available in a variety of materials and sizes, roll-up signs offer full size signage in a lightweight and easy to store design.

- All roll-up stands are MUTCD and NCHRP-350 compliant.
- Fiberglass ribs, or cross bracing, feature a protective veil to prevent blooming and painful splinters.
- Many standard legends available, see page 2. Custom legends are available on request.
- Corner pockets are made of tough polycarbonate for durability.
- Hook and loop strap for storage.
- Overlays for changeable message signs are also available.

Solid Non-Reflective Vinyl
Mesh Non-Reflective
Marathon™ Reflective
Super Bright™ Reflective
Diamond Grade™ Refl.

Permanently Attached Flag Systems

1. **FHRU** - Has a front and back plate that clamp together with four nuts and screws allowing the flagholder to be attached to the vertical rib of a roll-up sign without drilling a hole through the rib. Displays three flags.

2. **RL-FH3** - Has a channel shaped plate and a single hole allowing it to be attached to the vertical rib of a roll-up sign with a single nut and bolt, a 1/4" hole in the vertical rib is required. Displays three flags.

3. **FH3010** - This is flagholder comes installed on our full size sign stands, such as the TF18, and may be attached with screws to replace damaged units or added to rigid signs, barricades, or posts. Displays three flags.

4. **FH-STABLOCK** - Designed for use with the Fold and Roll™ sign system, this flagholder sockets into the 1" square vertical tube and locks in place with a spring button. Displays two flags.

--

Flag Holders for Detachable Flags With Round Staffs

These flagholders are made of zinc plated steel and are designed for use with flags that have a 3/4" round staff. See page 33.

1. **FRU** - Has a front and back plate that clamp together with four nuts and screws allowing the flagholder to be attached to the vertical rib of a roll-up sign without drilling a hole through the rib. Displays three flags.

2. **RL-FH3** - Has a channel shaped plate and a single hole allowing it to be attached to the vertical rib of a roll-up sign with a single nut and bolt, a 1/4" hole in the vertical rib is required. Displays three flags.

3. **FH3010** - This flagholder comes installed on our full size sign stands, such as the TF18, and may be attached with screws to replace damaged units or added to rigid signs, barricades, or posts. Displays three flags.

4. **FH-STABLOCK** - Designed for use with the Fold and Roll™ sign system, this flagholder sockets into the 1" square vertical tube and locks in place with a spring button. Displays two flags.

1. **FFS-22 Folding Flag System**

Designed to allow permanently mounted warning flags to be quickly locked in place, flags deploy by rotating into the display position and sliding the clip down. Reverse for storage. Flags are 18" x 18" blaze orange vinyl coated nylon on 1" wide fiberglass staffs. FFS-22 has 2 flags, FFS-23 has 3 flags.

2. **FFS-12 Folding Flag System**

These permanently attached folding flag system insures that flags will always be handy and ready to deploy. Rotate flags from their storage position to the display position for use, reverse to store sign. Flags are 18" x 18" blaze orange vinyl coated nylon on 1" wide fiberglass staffs. FFS-12 has 2 flags, FFS-13 has 3 flags.
**Roll-Up Signs - west**

**Mast Clamp Options for Roll-Up Signs**

- **DualClamp** features openings for 1" and 1-1/4" square masts.
- **Delta Pocket** allows the sign to be affixed to various size square and round masts.
- **UniClamp** allows the sign to be affixed to various size square and round masts.
- **Rectangular Pocket** featuring a full depth design, rectangular pockets are typically used at the top and bottom of the sign. Made of tough polycarbonate, they will fit all pocket style sign holders.
- **Cloth Pocket** allows the sign to be mounted to the vertical mast on full size stands.

- **Roll-Up Bracket (RUB3315)** allows the sign to be mounted to the vertical mast on full size stands.

**Overlay Options (Changeable Message) Options for Roll-Up Signs**

- **Standard Overlays**
  - Most signs may have velcro added to specific words that allows for multiple messages to be displayed using a single roll-up sign. Overlays are made from the same material as the sign and come with velcro strips on the back. Snap attachment is also available on request.

- **Dual Transition Symbol Sign Overlays**
  - **Removable Overlay (least expensive)**
  - **Permanent “Page Over” Overlay** (eliminates the risk of lost overlays)
