

Barricade Lights - TrafiLite 6-Volt

TrafiLITE™ Series 6-Volt Incandescent Barricade Lights

- TrafiLITE™ meets the May 2001 ITE purchase specification.
- Features an incandescent bulb powered by a six volt lantern battery (not included).
- Offered in a flashing type "A" model, steady burn type "C", or in a combination "A" and "C" version.
- Equipped with a photocell which turns light on and off at dawn and dusk.
- A finger loop on the circuit housing makes circuit removal easy.
- Amber lens is standard, lights are also available with a red lens.
- Each light supplied with hardware bolts, wrench, and switch pins.
- Bolt protectors available at extra cost.
- Standard package: 10 lights per carton. Carton weight: 17 lbs.
