T-Shirts

T-shirts are made from comfortable wicking polyester material and are available in both orange and lime colors. T-shirts with reflective stripes meet ANSI/ISEA 107-2010 Class 2 and/or Class 3 specifications. All shirts have a front left breast pocket and most styles are available with long or short sleeves.

Medium Class 2 & 3 T-shirts are longer than non-reflective models in order to provide the required amount of background material.
