FS2000W

Flat Spring Stand for Roll-Up Signs

The **FS2000W** compact stand for roll-up signs features an all new flat steel spring designed to provide an extra measure of stability in windy conditions. Constructed of aluminum and steel for durability and a long service life.

FS2000W stands display roll-up signs 12" off the ground. Legs feature foot actuated kick releases with three locking positions for storage and stability on uneven terrain.

- MUTCD and NCHRP-350 compliant.
- Single heavy duty flat steel spring provides stability in gusty winds.
- Displays 36" and 48" roll-up signs.
- Telescoping aluminum legs are made of .100" wall aircraft quality tubing.
- Equipped with our Screwlock™ universal roll-up sign holder.
- 30" legs telescope to 51".
