

Fold & Roll®

Sign System for Work Zones

FACT SHEET

Fold & Roll Sign System

For Construction and Maintenance

The Fold & Roll Sign System® utilizes a collapsible leg and sign panel design for compact storage and ease of transport to and from the work zone. The need for separate storage locations for stand and sign is eliminated. The Dicke patented leg kick release and snap-in hub mechanism insures quick, hassle free set-up allowing crews to be more productive and safer.

- NCHRP-350 approved and MUTCD compliant, the 48" system is MASH approved.
- Sign panel detaches from stand for changeability of legends via the Stablock panel holder.
- Stand features the Stablock™ sign holder, telescoping legs with kick releases, and torsion spring system which reacts smoothly to gusty wind conditions.
- All systems include a double flagholder and two 18" vinyl flags.

Complete Fold & Roll® Systems - 36"

Model Number	Sign Material	Stand Only	Sign Only
DF3000X36	Super Bright™ Reflective	DF3000S	3000XP-36
